Get set for a bike ride in Green Park

As part of its effort to create leisure facilities for the citizens, particularly children, the Tiruchirapalli City Corporation has begun the construction of a cycle track at Green Park in Panjapur. A sum of Rs.30 lakh has been earmarked for the project.

Corporation Commissioner M.Vijayalakshmi told *The Hindu* that an eight-foot wide cycle track would be laid for about a km. The concrete mixture, with cushioning effect, to be laid on the track would help cyclists have a smooth ride. The project would be completed within three months. She said a sum of Rs.20 lakh had also been sanctioned for creating a sand pit. As per the project, fine sand would be spread in a designated area, to create a seashore-like effect.

Tender has already been finalised for the project. Once it was established, it would attract a large number of children. Chairs and concrete sit outs would also be provided for the parents and elders to monitor the children playing on the pit. Similarly, Ms.Vijayalakshmi said administrative sanction had been sought for creating more infrastructure at the Panjapur green park (pasumai poonga) under the Self Sufficiency Scheme at a cost of Rs.1 crore. Barbed wire fencing around the park and construction of toilets were among the proposed schemes.

S.Nagesh, City Engineer-in-charge, said a sum of Rs.30 lakh had been earmarked for installing video games for children. Besides, children play field was to be created at an estimate of Rs.30 lakh. There was also a plan to construct decorative entrance arch at Panjapur.

To cater to the needs of visiting public, as many as 10 toilets would be constructed. Once the projects are cleared, the construction works would begin, he said.
