10. **INDIRECT GRADING SYSTEM**
10.1 INDIRECT GRADING SYSTEM based on a 7-point scale is used to evaluate the performance of students.

10.2 Each course is evaluated by assigning marks with a letter grade (A+, A, B, C, D, E or F) to that course by the method of indirect grading.

10.3 An aggregate of E grade **with 40 % marks** (after external and internal put together) is required in each course for a pass.

10.4 **Appearance for Internal Evaluation (IE) and External Evaluation (EE) are compulsory and no grade shall be awarded to a candidate if he/she is absent for IE/EE or both. E grade or 40 % marks is required for a pass in each course**

10.5 A student who fails to secure a minimum grade for a pass in a course is permitted to write the examination along with the next batch.

10.6 After the successful completion of a semester, Semester Grade Point Average (SGPA) of a student in that semester is calculated using the formula given below. For the successful completion of a semester, a student should pass all courses. However, a student is permitted to move to the next semester irrespective of SGPA obtained SGPA of the student in that semester is calculated using the formula

10.7 **The Cumulative Grade Point Average (CGPA) of the student is calculated at the end of a programme.** For the computation of CGPA, only the best performed courses with maximum credit points (P) alone shall be taken subject to the minimum credits requirements. The CGPA of a student determines the overall academic level of the student in a programme and is the criterion for ranking the students. CGPA can be calculated by the following formula:

SGPA and CGPA shall be rounded off to two decimal places. CGPA determines the broad academic level of the student in a programme and is the index for ranking students (in terms of grade points). An overall letter grade (Cumulative Grade) for the entire programme shall be awarded to a student depending on her/his CGPA (See Table 1 in Annexure-1)

11. **GRADE CARD**
11.1 The University shall issue to the students grade/marks card (by online) on completion of each semester, which shall contain the following information:
a) Name of University
b) Name of college
c) Title of Under-Graduate Programme
d) Semester concerned
e) Name and Register Number of student
f) Code number, Title and Credits of each course opted in the semester
g) Internal marks, External marks, total marks, Grade point (G) and Letter grade for each course in the semester
h) The total credits, total credit points and SGPA in the semester (corrected to two decimal places)
i) Percentage of total marks

11.2 The final Grade/mark Card issued at the end of the final semester shall contain the details of all courses taken during the entire programme including those taken over and above the prescribed minimum credits for obtaining the degree. However, for the computation of CGPA only the best performed courses if any with maximum grade points alone shall be taken subject to the minimum credits requirements (120) for passing a specific degree. The final grade card shall show the percentage of marks, CGPA (corrected to two decimal places) and the overall letter grade of a student for the entire programme. The final grade/mark card shall also include the grade points and letter grade of common course, core courses, complementary courses and open courses separately. This is to be done in a seven point indirect scale.

12. AWARD OF DEGREE
The successful completion of all the courses (common, core, complementary and open courses) prescribed for the degree programme with E grade (40%) shall be the minimum requirement for the award of degree.

12.1 Degree for Post Oriental Title Courses: Those students who have passed Oriental Title Courses earlier have to appear for common courses A 01 to A 06 in order to get a POT degree. This can be done through SDE (SDE registration along with the I Semester students)

12.2 For obtaining additional degree: Those students who have passed UG Programme under CCSS have to appear only core, Complementary and Open courses for acquiring an Additional degree. The registration for additional degree shall be done through SDE in the III Semester.

13. GRIEVANCE REDRESSAL COMMITTEE
13.1 College level: The College shall form a Grievance Redressal Committee in each department comprising of course teacher and one senior teacher as members and the Head of the department as chairman. This committee shall address all grievances relating to the internal assessment grades of the students. The Member of the Syndicate, who is also a teacher, shall be the convener of the committee. The quorum of the committee shall be 6 and meetings of the committee shall be held at least thrice in an academic year. In the exigency, the resolutions of the committee shall be implemented by the Vice Chancellor and this may be ratified by the Academic council.

15. TRANSITORY PROVISION
Notwithstanding anything contained in these regulations, the Vice-Chancellor shall, for a period of
three year from the date of coming into force of these regulations, have the power to provide by order that these regulations shall be applied to any programme with such modifications as may be necessary.

16. REPEAL
The Regulations now in force in so far as they are applicable to programmes offered by the University and to the extent they are inconsistent with these regulations are hereby repealed. In the case of any inconsistency between the existing regulations and these regulations relating to the Choice-based Credit Semester System in their application to any course offered in a College, the latter shall prevail.

However, since teachers recruited directly can be from different backgrounds and institutions, Table II(c) of Appendix III provides norms for direct recruitment of teachers to different cadres, while Tables II (a) and Table II(b) provide for CAS promotions of teachers in universities and colleges respectively, which accommodate these differences.

13) In order to remedy the difficulties of collecting retrospective information and to facilitate the implementation of these regulations from 31/12/2008 in the CAS Promotion, the API based PBAS will be progressively and prospectively rolled out. Accordingly, the PBAS based on the API scores of categories I and II as mentioned in these tables is to be implemented for one year, initially based on the existing systems in universities/colleges for one year only with the minimum annual scores as depicted in Table II (a) and II (b) for university and college teachers, or by Librarian/Physical Education and Sports cadres as depicted in Tables V(a) and V(b), Tables VIII (a) and VIII (b) respectively. This annualized API scores can then be compounded progressively as and when the teacher becomes eligible for CAS promotion to next cadre. Thus, if a teacher is considered for CAS promotion in 2010, one year API scores for 2009-10 alone will be required for assessment. In case of a teacher being considered for CAS promotion in 2011, two years average of API scores for these categories will be required for assessment and so on leading progressively for the complete assessment period. For Category III (research and academic contributions), API score for this category will be applied for the entire assessment period.

14) A teacher who wishes to be considered for promotion under CAS may submit in writing to the university/college, with three months in advance of
the due date, that he/she fulfills all qualifications under CAS and submit to
the university/college the Performance Based Appraisal System proforma as
adopted by the University duly supported by all credentials as per the API
guidelines set out in these Regulations. In order to avoid delays in holding
Selection Committee meetings in various positions under CAS, the
University/College should immediately initiate the process of
screening/selection, and shall complete the process within six months from
the date of application. Further, in order to avoid any hardships, candidates
who fulfill all other criteria mentioned in these Regulations, as on 31/12/2008
and till the date on which this Regulation is notified, can be considered for
promotion from the date, on or after 31/12/2008, on which they fulfill these
eligibility conditions, provided as mentioned above.

15) Candidates who do not fulfill the minimum score requirement under the API
Scoring System proposed in the Regulations as per Tables II(a and b) of
Appendix III or those who obtain less than 50% in the expert assessment of
the selection process will have to be re-assessed only after a minimum
period of one year. The date of promotion shall be the date on which he/she
has successfully got re-assessed.

16) CAS promotions from a lower grade to a higher grade of Assistant Professor
shall be conducted by a “Screening cum Evaluation Committee” adhering to
the criteria laid out as API score in PBAS in the Tables of Appendix – III.

17) The Screening cum Evaluation Committee on verification/evaluation of API
score secured by the candidate through the ‘PBAS’ methodology designed
by the University based on these Regulations and as per the minimum
requirement specified: (a) in Tables II and III for each of the cadre of
Assistant Professor, b) in Tables V and VI for each of the cadre of Physical
Education and Sports shall recommend to the Syndicate of the University
about the suitability for the promotion of the candidate(s) under CAS for
implementation.

18) All the selection procedures outlined above, shall be completed on the day of
the selection committee meeting, wherein the minutes are recorded along
with PBAS scoring proforma and recommendation made on the basis of
merit and duly signed by all members of the selection committee in the
minutes.

19) CAS promotions being a personal promotion to the incumbent teacher
holding a substantive sanctioned post, on superannuation of the individual
incumbent, the said post shall revert back to its original cadre.

20) The incumbent teacher must be on the role and active service of the
Universities/Colleges on the date of consideration by the Selection
Committee for Selection/CAS Promotion.

21) Candidates shall offer themselves for assessment for promotion, if they fulfill
the minimum API scores indicated in the appropriate API system tables by
submitting an application and the required PBAS proforma. They can do so
three months before the due date if they consider themselves eligible.
Candidates who do not consider themselves eligible can also apply at a later
date. In any event, the University shall send a general circular twice a year
calling for applications for CAS promotions from eligible candidates.

22) In the final assessment, if the candidates do not either fulfill the minimum API
scores in the criteria as per PBAS proforma or obtain less than 50% in
expert assessment, wherever applicable, such candidates will be
reassessed only after a minimum period of one year.

23) a) If a candidate applies for promotion on completion of the minimum
eligibility period and is successful, the date of promotion will be from that of
minimum period of eligibility.
b) If, however, the candidates find that he/she fulfills the eligibility conditions
at a later date and applies on that date and is successful, his/her
promotion will be effected from the date of application fulfilling the criteria.
c) If the candidate does not succeed in the first assessment, but succeeds in
the eventual assessment, his/her promotion will be deemed to be from the
later date of successful assessment.

In case the number of candidates available is less than three times the number of vacancies, the zone of consideration will be limited to the actual number of candidates available. The selection shall be conducted through the API scoring system with PBAS methodology and selection committee process stipulated in these Regulations for appointment of Professors. For direct recruitment of the 25% of the posts, the ‘Rota-Quota system shall be followed starting with promotions and the direct recruitment quota shall be rotated in an alphabetical order.
