POST GRADUATE DEGREE COURSE IN ARABIC LANGUAGE & LITERATURE

Introduction

This Post Graduate Program in Arabic under credit semester system is designed with view to imparting to the students an advanced knowledge in Arabic Language & Literature. As different from the traditional M.A. Arabic course. This program while retaining the classical background and essential classical contents, lays greater emphasis on the teaching of and the practical training in the functional use of Arabic as a modern living language. The practical aspects of the Arabic Language as translation (both theory and practice), simultaneous interpretation, modern terminology and applied grammar are given due importance in the syllabi. As for the literature, its modern branches i.e. Novel, Short Story, Drama, Poetry and Modern Essays have been given adequate representation. In order to acquaint the students with the fundamentals of Computer knowledge and packages required for jobs in India and Arab countries, computer application with Arabic software has also been included in the syllabi. Thus the program has been so designed as to serve not only as a scholastic and literary course, but also a modern and job oriented course, in a comprehensive way.

Weightage can vary from course to course depending on their comparative importance, but a general pattern may be followed by the Board of Studies.

Evaluation and Grading

- ☞ The evaluation scheme for each course shall contain two parts; (a) internal evaluation and (b) external evaluation 25% weightage shall be given to internal evaluation and the remaining 75% to external evaluation. Therefore the ratio and weightage between internal and external is 1:3. Both internal and external evaluation shall be carried out using Direct grading system.
- ☞ **Internal Evaluation:** The internal evaluation shall be based on predetermined transparent system involving periodic written tests, assignment, seminars and attendance in respect of theory courses and based on written tests, lab skill/records/viva and attendance in respect of practical courses. The weightage assigned to various components for internal evaluation is as follows.

Components of Internal Evaluation

	<i>Component</i>	<i>Weightage</i>
A	Assignment	1
B	Seminar	1
C	Attendance	1
D	Test Paper	2

To ensure transparency of the evaluation process, the internal assessment grade awarded to the students in each course in a semester shall be published on the notice board at least one week before the commencement of external examination. There shall not be any chance for improvement for internal grade.

The course teacher shall maintain the academic record of each student registered for the course, which shall be forwarded to the University, through the college Principal.

- ☞ **External Evaluation:** The external examination in theory courses is to be conducted by the university with question papers set by external experts. The evaluation of the answer scripts shall be done by examiners based on a well-defined scheme of valuation. The external evaluation shall be done immediately after the examination preferably in a Centralized Valuation Camp.
- ☞ Photocopies of the answer scripts of the external examination shall be made available to the students for scrutiny on request and revaluation/scrutiny of answer scripts shall be done as per the existing rules prevailing in the university. Awarding of a higher grade after revaluation may be given only after a second revaluation.

Direct Grading System

- ☞ Direct Grading System based on a 5 point scale is used to evaluate the performance (External and Internal Examination of students)

DIRECT GRADING SYSTEM

<i>Letter Grade</i>	<i>Performance</i>	<i>Grade Point</i>	<i>Grade Range</i>
A	Excellent	4	3.50 to 4.00
B	Very good	3	2.50 to 3.49
C	Good	2	1.50 to 2.49
D	Average	1	0.50 to 1.49
E	Poor	0	0.00 to 0.49

- ☞ Each course is evaluated by assigning a letter grade (A,B,C,D or E) to that course by the method of direct grading. The internal (weightage=1) and external weightage=3) components of a course are separately graded and then combined to get the grade of the course after taking into account of their weightage (See Appendix).
- ☞ An aggregate of C-grade (When external and internal put together) is required in each course for a pass and also for warding the degree.
- ☞ A student who fails to secure a minimum grade for a pass in a course will be permitted to write the examination along with the next batch.

- ☞ After the successful completion of a semester, Semester Grade Point Average (SGPA) of a student in that semester is calculated using the formula given below. For the successful completion of semester, a student should pass all courses and score a minimum SGPA of 2.0. However, a student is permitted to move to the next semester irrespective of her/his SGPA.

For instance, if a student has registered for ‘n’ courses of credits C₁, C₂,C_n in a semester and if she/he has scored credit points P₁, P₂,P_n respectively in these course, then SGPA of the student in that semester is calculated using the formula.

$$SGPA = \frac{P_1 + P_2 + \dots + P_n}{C_1 + C_2 + \dots + C_n}$$

(See Appendix for a model calculation of SGPA)

$$CGPA = \frac{(SGPA)_1 S_1 + (SGPA)_2 S_2 + \dots + (SGPA)_4 S_4}{S_1 + S_2 + S_3 + S_4}$$

Grade Card

- ☞ The university under its seal shall issue to the students, a grade card on completion of each semester, which shall contain the following information.
 - Name of the University
 - Title of the PG Programme
 - Name of Semester
 - Name and Register Number of students
 - Code number, Title and Credits of each course opted in the semester.
 - Internal, external and Total grade, Grade Point (G), Letter grade and Credit Point (P) in each course opted in the semester.
 - The total credits, total credit points and SGPA in the semester.
- ☞ The Final Grade Card issued at the end of the final semester shall contain the details of all courses taken during the entire programme including those taken over and above the prescribed minimum credits for obtaining the degree. The Final Grade Card shall show the CGPA and the overall letter grade of a student for the entire programme.

MODERN ARABIC LITERATURE IN MAGRIB COUNTRIES

Magrib countries are Morocco, Tunisia, Algeria, Libya and Mauritania. These Arab countries have in the recent past, marked a great advancement in literary creative writings. A tremendous growth of innovative writings is noticed in this North West African part of Arab world. Many prestigious international prizes were awarded to eminent authors of literary works in Arabic from these countries.

However, all literary genres like poetry, short story, novel, drama, literary criticism in these Magrib countries have developed a separate and distinguishing identity. Detective Novels in Arabic literature originated in Tunisia where as travelogue writing started in Morocco and literary criticism has, in the recent years, developed in it with a distinct dimension. Autobiographical writing has remarkably increased in some of these countries.

Unfortunately the study of Arabic literature in India is mainly confined to the literary output of the Middle East countries.

Hence this course is intended to invite the attention of students to focus specially on the innovative writings and the authors of these Magrib countries. They include:

محمد زفزاف وروايته المشهورة 'المرأة والوردة' , عبد الكريم غلاب، إبراهيم الخطيب، نجيب العوفى، إدريس الناقورى، وعبد القادر الشاوى، أحمد بوزفور، أحمد المدينى، محمد عز الدين التازى، محمد معتصم، عبد الرحيم العلام، نور الدين صدوق، عبد الهادى التازى، إدريس الخورى، عبد الله كنون، سالم حميش ورواياته الست منها مجنون الحكم، العلامة، د/ميلودى حمدوشى والرواية البوليسية.

Introduction

This Post Graduate Program in Arabic under credit semester system is designed with view to imparting to the students an advanced knowledge in Arabic Language & Literature. As different from the traditional M.A. Arabic course. This program while retaining the classical background and essential classical contents, lays greater emphasis on the teaching of and the practical training in the functional use of Arabic as a modern living language. The practical aspects of the Arabic Language as translation (both theory and practice), simultaneous interpretation, modern terminology and applied grammar are given due importance in the syllabi. Weightage can vary from course to course depending on their comparative importance, but a general pattern may be followed by the Board of Studies.

Evaluation and Grading

- ☞ The evaluation scheme for each course shall contain two parts; (a) internal evaluation and (b) external evaluation 25% weightage shall be given to internal evaluation and the remaining 75% to external evaluation. Therefore the ratio and weightage between internal and external is 1:3. Both internal and external evaluation shall be carried out using Direct grading system.
- ☞ **Internal Evaluation:** The internal evaluation shall be based on predetermined transparent system involving periodic written tests, assignment, seminars and attendance in respect of theory courses and based on written tests, lab skill/records/viva and attendance in respect of practical courses. The weightage assigned to various components for internal evaluation is as follows.

Components of Internal Evaluation

	<i>Component</i>	<i>Weightage</i>
A	Assignment	1
B	Seminar	1
C	Attendance	1
D	Test Paper	2

To ensure transparency of the evaluation process, the internal assessment grade awarded to the students in each course in a semester shall be published on the notice board at least one week before the commencement of external examination. There shall not be any chance for improvement for internal grade.

The course teacher shall maintain the academic record of each student registered for the course, which shall be forwarded to the University, through the college Principal.

- ☞ **External Evaluation:** The external examination in theory courses is to be conducted by the university with question papers set by

external experts. The evaluation of the answer scripts shall be done by examiners based on a well-defined scheme of valuation. The external evaluation shall be done immediately after the examination preferably in a Centralized Valuation Camp.

- ☞ Photocopies of the answer scripts of the external examination shall be made available to the students for scrutiny on request and revaluation/scrutiny of answer scripts shall be done as per the existing rules prevailing in the university. Awarding of a higher grade after revaluation may be given only after a second revaluation.

Direct Grading System

- ☞ Direct Grading System based on a 5 point scale is used to evaluate the performance (External and Internal Examination of students)

DIRECT GRADING SYSTEM

<i>Letter Grade</i>	<i>Performance</i>	<i>Grade Point</i>	<i>Grade Range</i>
A	Excellent	4	3.50 to 4.00
B	Very good	3	2.50 to 3.49
C	Good	2	1.50 to 2.49
D	Average	1	0.50 to 1.49
E	Poor	0	0.00 to 0.49

- ☞ Each course is evaluated by assigning a letter grade (A,B,C,D or E) to that course by the method of direct grading. The internal (weightage=1) and external weightage=3) components of a course are separately graded and then combined to get the grade of the course after taking into account of their weightage (See Appendix).
- ☞ An aggregate of C-grade (When external and internal put together) is required in each course for a pass and also for warding the degree.
- ☞ A student who fails to secure a minimum grade for a pass in a course will be permitted to write the examination along with the next batch.
- ☞ After the successful completion of a semester, Semester Grade Point Average (SGPA) of a student in that semester is calculated using the formula given below. For the successful completion of semester, a student should pass all courses and score a minimum SGPA of 2.0. However, a student is permitted to move to the next semester irrespective of her/his SGPA.

For instance, if a student has registered for ‘n’ courses of credits C₁, C₂,C_n in a semester and if she/he has scored credit points P₁, P₂,P_n respectively in these course, then SGPA of the student in that semester is calculated using the formula.

$$SGPA = \frac{P_1 + P_2 + \dots + P_n}{C_1 + C_2 + \dots + C_n}$$

(See Appendix for a model calculation of SGPA)

$$\text{CGPA} = \frac{(\text{SGPA})_1 S_1 + (\text{SGPA})_2 S_2 + \dots + (\text{SGPA})_4 S_4}{S_1 + S_2 + S_3 + S_4}$$

Grade Card

- ☞ The university under its seal shall issue to the students, a grade card on completion of each semester, which shall contain the following information.
 - Name of the University
 - Title of the PG Programme
 - Name of Semester
 - Name and Register Number of students
 - Code number, Title and Credits of each course opted in the semester.
 - Internal, external and Total grade, Grade Point (G), Letter grade and Credit Point (P) in each course opted in the semester.
 - The total credits, total credit points and SGPA in the semester.

- ☞ The Final Grade Card issued at the end of the final semester shall contain the details of all courses taken during the entire programme including those taken over and above the prescribed minimum credits for obtaining the degree. The Final Grade Card shall show the CGPA and the overall letter grade of a student for the entire programme.

Award of Degree

Magrib countries are Morocco, Tunisia, Algeria, Libya and Mauritania. These Arab countries have in the recent past, marked a great advancement in literary creative writings. A

tremendous growth of innovative writings is noticed in this North West African part of Arab world. Many prestigious international prizes were awarded to eminent authors of literary works in Arabic from these countries.
